

ipv Delft highlights

The visual newsletter that puts ipv Delft in the spotlight.

Roosendaal town square

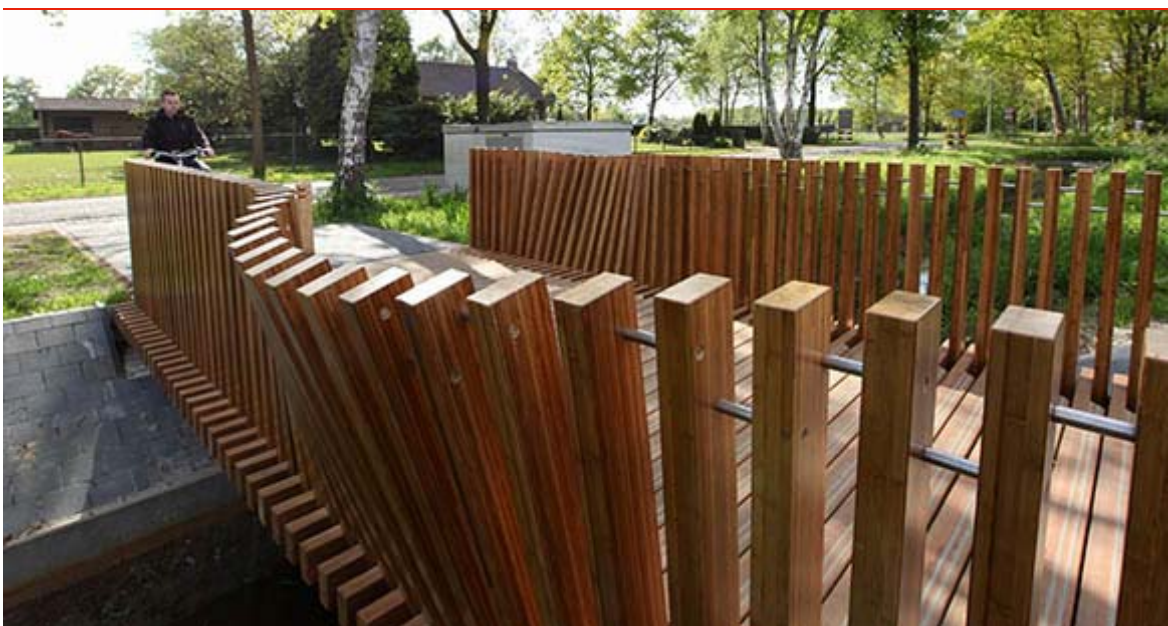

Complete landscape design for 10.000m² town square. Former unattractive space turned into vibrant multi-purpose area.

historical bridge lighting Rotterdam

Over 350 LED light fixtures illuminate former railway bridge in Rotterdam city centre. Nighttime icon. Possibility of dynamic lighting.

wooden bicycle bridge Uden

Remarkable structure of glulam bamboo beams. Design based on sketch by local of Volkel-West housing development.

underpasses Bio Science Park Leiden

Two bicycle and pedestrian underpasses, one road underpass. One of Leiden's main entrance roads. Improves traffic flow significantly.
