

# ipv Delft highlights

The visual newsletter that puts ipv Delft in the spotlight.

## Plein The Hague lighting

Lighting design for The Hague's most beloved square, including trees, underground parking entrances, statue and many monumental facades.

## Dronrijp movable bridge

Straightforward design for movable bridge across canal. Lighting, traffic signs, rising arm barriers and more integrated into vertical elements.

## custom-made outdoor seating

Winning design for wood clad seating and planter. Covers concrete structure containing underground parking emergency exit and air vents.

## Boszoom bridges Pijnacker

Family of six bridges for new housing project. Modern and romantic custom railing design, befitting brief and surroundings.
