

ipv Delft highlights

The visual newsletter that puts ipv Delft in the spotlight.

standard bridge for Delft

Winning [design](#) for the new Delft city standard bridge. Subtle design with railings that offer room for images of city icons chosen by locals.

Heerlijkheid Bridge

Elegant and [simple bridge](#) on recreational cycle route. Steel structure above deck allows for rising water underneath and frames the view.

Kanaalweg underpass Leiden

Attractive [underpass](#) for road traffic, pedestrians and cyclists. Custom designed wall tiling with references to nearby windmill and surroundings.

ipv Delft videos on Vimeo

Many of our most spectacular projects can also be watched on video. Hovenring, De Hef, Waalhaven etc. Check out our [Vimeo channel](#)!
