

# ipv Delft highlights

The visual newsletter that puts ipv Delft in the spotlight.

## Perth bicycle connection

Two iconic **cable-stayed bridges** with weathering steel pylons. Across the Swan River, next to the monumental Causeway bridge.

## Dordrecht standard bridge

**Standard bridge** designed specifically for the city of Dordrecht with room for differentiation. Elegant and cost-effective.

# Tegenbosch bicycle bridge

Very slender 160 m long steel **network arch bridge**. Comfortable and iconic bicycle connection across A2 motorway. Erected August 30th.
