

ipv Delft highlights

The visual newsletter that puts ipv Delft in the spotlight.

R4 bicycle bridges, Ghent (Belgium)

First of many **bridges** for large-scale refurbishment of R4 ring road north of Ghent. Slender steel structure with U-shaped cross-section.

RijswijkBuiten bridges, Rijswijk (NL)

Family of **bridges** for new housing development. Characteristic railing design inspired by waving reed. Basic bridge structure.

railway underpass, Dijk en Waard (NL)

Design for **dual underpass** in green artery main road. Attractive colours, high-end materials and spacious layout. Wildlife passage included.

Haven Centrum bridges, Apeldoorn (NL)

Series of **concrete footbridges** for innercity rain water storage area. No traditional wearing course, but with roughed up concrete surface.
